Product Change Notification:
Introducing Dual Sourcing for the encoder cable of MINAS-A6 series AC Servo Motors

Dear Valued Customers,
As per title, we will introduce dual sourcing for encoder cable of MINAS-A6 series AC Servo Motors.
We would greatly appreciate your understanding and cooperation in this matter.

■Target Models: MINAS-A6 Series Servo Motor

Series	Output	Model No.
A6 Series	50 W~1.0 kW	MHMF***L***M
	50 W~1.0 kW	MSMF***L***M
	100 W~400 W	MQMF***L***M

■Reason for change:

Introduction of dual sourcing in order to secure and improve the procurement of the component.

■Changing part: Encoder signal cable of MINAS-A6 Series motors

CHANGING PART

■Change contents :

Cable	Current specification	Added specification
Specification	UL2589 AWG#28×3P	UL2589 AWG#28×3P
Supplier	NISSEI ELECTIC Limited Company	KDK BANDO DENSEN Limited Company
Printed text ※1	E56198-V  AWM 2589 105C 30V VW-1 NISSEI ELECTIC 	E66085-C  AWM STYLE 2013 105C ® BANDO DENSEN 

※1 Above mentioned printed text is the content recorded in the cable specification document. Depending on the actual wire processing position, it may not be fully displayed.

■Change schedule:

Starting from November, 2020 production onwards.

■Others:

There will be no impact on motor's functionality, characteristics and reliability.

On the other hand, motor part numbers will remain the same.

All optional accessories (cables) can be used same as before.

■The target models are using CHINESE magnet, so DO NOT let these models be sold or imported to JAPAN.

END
