

The incremental linear encoder of a magnetic type

SENSOR / PSLH Series, SCALE / PSLG Series

This encoder has achieved an excellent total performance.

Features

- 1 It is high-speed serial communications corresponding to the MINAS series.
- 2 This encoder is strong in the environment of the magnetic noise, oil, and dust.
- 3 A miniaturization and an excellent cost performance are achieved by the internal manufacturing of the MR element.
- 4 Accuracy is improved by an original magnetization pattern. It is a tough encoder structure in the extrinsic noise.

Sales area

● Japan ● Worldwide response

Language

● Japanese
