【Important Notice】

End of Production of AC Servo Motor/Driver **MINAS A5 Series & Family**

To our Valued customer,

We would like to express our sincere gratitude for your continued support.

It is with regret to announce the End of Life of Servo Motors and Drivers of MINAS A5 Series & it's Family due to discontinuation of core components.

Although, we have regularly discussed this with our suppliers, it has become difficult to secure components for production.

We sincerely apologize for any inconvenience this may cause.

Thank you very much for your understanding of the situation.

› Option items: All optional parts for A5 Series are objective, excluding the parts which are common use with other Series.

- Reasons: Discontinuation of core components

■Last order and end of production

Last order: We are no longer accepting new orders besides the current backlog.

We will do our best to prepare the components to cover the backlog.
However, please note that we may not be able to cover all orders, depending on the stock status of the components

■After service

Final date: Last date of December 2030.

However, depending on the stock status of the after-service components, the repair and analysis service may close earlier.

■Recommended replacement model

•A6 Series & Family will be the recommended replacement model.

Please review the detailed specification for comparison and consider the alternative replacement models.

Please check our catalog and website for detailed specification.
